Bank Draft Procedures

Draft First Premium Once Policy is Approved:

- 1) Complete the Preauthorization Check Plan fields found at the bottom of the back of the application. Please specify a Requested Draft Day, if a specific one is desired.
 - (a) Once the application is approved, the first premium will be drafted upon the date specified. Or if no date is specified, the draft will occur on the day the policy is approved.
 - (b) The initial draft cannot occur more than 30 days after the date the application was signed.
 - (c) Drafts cannot be on the 29th, 30th or 31st of the month.
- 2) A copy of a void check or deposit slip should accompany the application any time that one is available. If one is not available, then we highly recommend that you also complete the Bank Account Verification section of Form 9903 and submit it along with the application. This helps to ensure the accuracy of the account information and reduces the occurrences of returned drafts. If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number (DO NOT use the number found on the card). Green Dot Bank (and other pre-paid cards) not accepted.

Immediate Draft for Cash with Application (CWA) using eCheck:

- 1) To bind coverage IMMEDIATELY, you may use the eCheck option. If this option is selected, you must complete the eCheck section of Form 9903 in addition to items 1 & 2 listed above.
 - (a) The eCheck section of form 9903 (found at the bottom of the form) authorizes the Company to immediately draft for the 1st premium upon receipt of the application. Submit this form along with the application.
 - (b) When the application is approved, the initial premium will be applied to pay the first premium. Future drafts will be based on the next premium due date and the requested draft day (if one is provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month, or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums draft on these same dates, please follow the instructions below:

- On the **"Requested Draft Day"** line of the **"PREAUTHORIZATION CHECK PLAN"** on the back page of the application, you will need to list one of the indicators below:
 - **"1S"** – if payments are received on the 1st of the month
 - **"3S"** – if payments are received on the 3rd of the month
 - **"2W"** – if payments are received on the 2nd Wednesday of the month
 - **"3W"** – if payments are received on the 3rd Wednesday of the month
 - **"4W"** – if payments are received on the 4th Wednesday of the month
- The **"Policy Date Request"** field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point-of-sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. The rest of the application paperwork is completed in the normal fashion. Also, you still have the option of requesting immediate drafts for CWA; just follow the normal procedures for doing so.

Replacements (both external & internal) should not be done if it is not in your client's best interest, both short and long term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's "Compliance Guidelines" manual found on our website. If a trend of multiple replacements or a pattern of improper replacements is noticed, we may take appropriate disciplinary action to include termination of an agent's contract.

- **Third-Party Payor** – The Company has experienced problems in terms of anti-selection, adverse claims experience and persistency on applications involving "Third-Party Payors". Examples of "Third-Party Payors" include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins when the Proposed Insured is age 30 or older. As a result of the issues related to this situation, we **DO NOT** accept Easy Term applications where a Third-Party Payor is involved and the applicant is age 30 or older. We do accept such applications if the Payor is a spouse, business, or business partner. If the Proposed Insured ranges from ages 18 to 29, we will allow a Parent to pay the premiums, but please be advised that additional underwriting requirements, including a telephone interview, motor vehicle report, and criminal records check, will be involved for many of these applications; particularly for those applications where the Proposed Insured ranges from ages 25 to 29.
- If the Proposed Insured has a condition which is listed in the "Medical Impairment Guide" as a "Decline" or if he or she exceeds either the maximum or minimum weight in the "Build Chart" provided in this guide, the application should not be submitted to the Home Office.

A telephone interview conducted with the Proposed Insured may be required based on the Non-Med Limit Chart below. If an interview is required, it may be completed at point-of-sale.

After fully completing the application you may call from the client's home for the personal history telephone interview. The interview is designed to confirm the answers given on the application. The interview can be completed in either of 2 ways:

- 1) at point-of-sale, or
- 2) the interview company will contact the Proposed Insured after receipt of the application by the Home Office.

Point-of-sale telephone interviews can be completed by calling at the toll-free number below. When calling the vendor be sure to identify yourself, Company and product being applied for "Easy Term" and whether or not the applicant is applying for the Critical Illness Rider or the Disability Income Rider. The applicant must always complete the telephone interview without assistance from the agent or another person. If the interview is completed at point-of-sale, mark the "Telephone interview done" question "Yes" in the upper, right hand corner of the application. If the sale is made outside of the vendor's hours of operation or if the interview is not completed at point-of-sale, mark the question "NO", and the interview company will initiate the call after receipt of the application.

SPEED UP YOUR TURNAROUND TIME!

Practice these simple guidelines

The EASY TERM plan is issued Standard for applicants who would normally be considered up to table 4 by most underwriting standards today. Applicants who are considered high risk or declinable should not be sent to our Company for consideration.

BEFORE asking any health questions stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription database, MIB, etc.

If applicant answers "YES" to any health question, such as High Blood Pressure, Cholesterol or Diabetes get full details. Ask the following information: age at onset, name all medications, applicant's last reading and how often the problem is checked, name of doctor treating condition, date last seen, etc. THE MORE COMPLETE INFORMATION you can provide on the application significantly REDUCES the need to order medical records or an interview...and speeds up issue time!

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of submitting applications with Non-Admitted medical information will likely receive special attention when their applications are reviewed by the Underwriting Department. That agent's applicants will receive a phone interview and/or medical records will be requested until the underwriters believe that agent has corrected their field underwriting problems.

Agents need to stress to the Proposed Insured the necessity for complete and truthful answers to all questions on the application before asking the health questions, including tobacco use.

Easy Term Medical Impairment Guide

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting – Carefully ask all the application questions and accurately record the answers.
- Client Honesty and Cooperation – Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the Proposed Insured for an interview, if required based on age and face amount. The interview will be brief, pleasant, and professionally handled.

The Medical Impairment Guide has been developed to assist you in determining a Proposed Insured's insurability. This Guide is not all-inclusive. Underwriting reserves the right to make a final decision based on all factors of the risk. If you have any questions about medical conditions not listed here, please call or email (underwriting@aatx.com) the Underwriting Department.

PRESCRIPTION REFERENCE GUIDE

Where medications that can be used for more than one condition exist, the alternate uses and appropriate level of coverage have been indicated.

If “N/A” appears in this column, then the Underwriting decision will be the same regardless of when the medication was prescribed.

Where medications that can be used for more than one condition exist, the alternate uses and appropriate level of coverage have been indicated.

If a timeframe appears in the “**RX FILL WITHIN**” column, this indicates that the drug was prescribed within the period noted. For those conditions, the timeframe impacts the Underwriting decision. If “N/A” appears in this column, then the Underwriting decision will be the same regardless of when the medication was prescribed.
